COSHOCTON DAILY AGE.

THE WEATHER: Showers and thunderstorms tonight. Rising temperature Thursday.

VOL. 4. NO. 45 COSHOCTON, OHIO, WEDNESDAY EVENING, JULY 16, 1902. TWO CENTS

Ransom Dry Goods Company

DAILY BULLETIN.

Shirt Waists

100 Colored Shirt Waists. Value from $1 to $1.50 choice only 50c. These goods are made from fine Leno Stripe Mercerized Zephyrs.

We bought too heavy on Shirt Waists and as the season was very backward we are left on a big lot of waists. Our entire lot of White waists in all our fine goods at just one half price and we have some beauties, made from very fine mulls and all-over embroideries. At the prices we are selling them you can all afford to have a fine waist.

White Tucked Lawns for White Shirt Waists.
We have about 200 yds of these goods to close out at half price.
$1.25 grade for 65c
$1 00 grade for 55c
90c grade for 50c
See them and you can use them. They are bargains.

5000 yards of new India Linens just received to sell at 10c, 12 1-2c, 15c, 20c and 25c. The best values you have ever seen.

Very Respectfully
Ransom D. G Co.

COUNCIL PASSED PAPER MILL BILLS

Mill Street to Be Opened, North Fifth to Be Extended.

PAVING BONDS HANGING FIRE

Outlet Sewer Ordinances Enacted—Change Proposed for Grade of South Lawn Avenue—Alleys in Need of Improvement.

Council was ready for important business when President Weisner called the meeting to order at 7:30 o'clock Tuesday evening.

Clerk Wimmer opened with a petition from the Houston Hay Axle company and the Keagy & Lear Machine company asking permission to put a side track at their factories on Elm

"They own the land in front of their plants, and simply want to cross Elm," said Mr. Shaw. It went to street committee on motion of Mr Pharion.

Mill Street Opening.

The opening of Mill street came next in a long petition signed by a great many business men and other citizens. The petition said that the opening of Mill street would result in the operation of the plant of the Coshocton Straw Paper company of which W. H. Bachert is the head. The matter has been in council before and at the last meeting Judge Hunt urged council to go slow before it took final action.

"What will be done with the petition, gentlemen?" asked President Weisner.

Mr. Johnson recalled that council decided at the last meeting to have Engineer Hanlon locate the alley from which Mill street is to be formed. Solicitor McDowell produced blue prints showing that fences of the lots on the north side of the alley were out and the alley was 10 feet wide. Council had believed it was a 16 foot alley. The blue prints show the electric light company tank to be on its own ground.

Mr. Powelson wanted to know how long the alley at the light plant had been used and the solicitor quoted old residents as saying 30 years.

"Do you claim that because the lot on the south was never fenced and the people had used it as a public way that it is now public property?" asked Mr. Johnson.

"If it has been used as a public way for 21 years it is dedicated to public use," was the reply. "The supreme court has so decided, as I understand it."

Mr. Pharion moved the solicitor draw up a resolution providing for the opening of Mill street and Mr. Brink seconded. It passed with Mr. Johnson voting nay.

"As there seems to be unusual conditions out there and some difference of opinion with regard to the line of the alley," said Mr. Powelson, "I move you that we employ another engineer to make the survey."

Solicitor McDowell wanted an abstract in connection with the survey. The land is located in the Hunt, Triplett and Wimmer addition. Mr. Powelson agreed and incorporated it in his motion.

Clerk Wimmer read a letter from Engineer Hanlon in which he explains that a part of the alley is enclosed in a lot on the north side. He also denied saying to a councilman that the light company's tub was on the alley, as stated by the councilman at the last meeting.

Mr. Powelson added to his resolution that street committee be empowered to employ the engineer. Mr. Johnson voted nay.

The resolution to improve mill street by widening was then read by the clerk It takes 30 feet of the Electric Light company's property and 40 feet of the McElroy & Cassingham lot. Mr. Johnson voted nay, but the other members voted for the resolution, and it was passed on the motion of Mr. Holmes and Mr. Brink. The resolution provides for condemnation proceedings.

Fifth Street Extension.

A resolution directing the solicitor to prepare a resolution providing for the opening of North Fifth to the Tuscarawas river was read. Mr. Johnson examined the plat of the city hanging in council chamber, and found the street was already opened. Mayor Rinner also thought it went through to the river. A motion to pass the resolution prevailed, Mr. Johnson voting nay.

The resolution provided for in that just passed was read. It is to open the street through the lot owned by Hon. J. W. Cassingham. The resolution passed under suspension on motion of Mr. Pharion. Mr. Johnson voted nay.

The resolution opening Eleventh was the next business Mr. Johnson amended so that bonds be issued to pay for the improvement instead of taking the money out of the general fund. That fund he explained could not take care of an amount so large He decided, however, to withdraw his amendment until the exact cost was known. The resolution passed on motion of Mr. Holmes, Mr. Wisenburg voting nay.

Paving That Block.

Clerk Wimmer had found the original petition asking for the paving of South Seventh between Main and Walnut. It is signed by E. W. James, Dr. Hennel and Howard Robinson, and they agree to pay for paving. They waive all rights.

"Why was it not acted on by the old council?" asked Mr. Powelson.

"They were waiting to pay it out of the surplus from the paving of South Seventh," answered the solicitor. "This was done in order that these property owners would not be called upon to pay the expense of a bond issue. I understand there will be no surplus from the South Seventh paving, and if this block is to be payed we must provide for the funds."

Clerk Wimmer was instructed to find the condition of the fund, and report Tuesday evening.

Mr. Pharion moved the ordinance improving Bridge street be taken off the table for action. Mr. Johnson voted nay. The motion carried, and it was read the second and third times. Bridge street extends from North Second to the Tuscarawas river bridge.

Mr Shaw moved it be placed on its passage. When his name was called Mr. Wisenburg asked if the commissioners would pay $500 toward the improvement. He found that they would, and he voted yes. The ordinance passed.

Those Paving Bonds.

A letter from Seasongood & Meyer was read by the clerk in which they said they would take the $28,500 paving bonds if Solicitor McDowell could show them the issue was legal.

The solicitor explained that he had been in correspondence with their attorneys, and had told them the city would insist on cashing their check unless they could show him the bonds were illegal.

Mr. Johnson thought it would be a good idea to inquire if the other bidders would be willing to take the bonds. It passed.

That Outlet Sewer.

The ordinance providing for the outlet sewer in the upper part of the city was read for the first time. It is the sewer whose construction is necessary before the Bancroft school building can be occupied. The sewer is to be built in Walnut, Adams, Twelfth, East Main and Chestnut streets. It passed under suspension of rules on motion of Mr. Shaw.

It was arranged to rush the details in order that the work be done as soon as possible.

The outlet sewer for South Lawn avenue, Pine and Mulberry was also passed.

South Lawn Grade.

Mr. Holmes said residents on South Lawn avenue were dissatisfied with the grade as it was being established. He thought the low point should be at Orange and water could be run from Walnut and Poplar to Orange.

Mr. Shaw said the grade as it is would make trouble with the Wheeling railroad as council now has trouble at South Seventh. It would only require a slight change he said. The matter went to street committee and the engineer on motion of Mr. Johnson.

"Claim Agent Needham, Judge Adams and the chief engineer of the Wheeling will be here Thursday to look after the Wheeling grade on South Seventh," said Solicitor McDowell. He also read a letter from Judge Adams in which he predicted an amicable settlement of the matter. The solicitor urged council not to accept Mr. Needham's proposition as made to council.

"My idea is to establish a grade there and give the company notice to lower the present grade of the railroad," said the solicitor. "If they do not do it we can go into court."

"I wouldn't advise doing anything until after this conference Thursday" said Mr. Johnson.

Mr. Powelson thought it best for street committee to meet the officials Thursday and insist on the track being taken down to the grade of the street. That will be done.

Printing Codified Ordinances.

Mr. Powelson submitted to council the sealed bids received by the committee. Mr. Tish Mr. Zugschwert and himself, for the printing of the codified ordinances. He explained that while the committee had power to let the contract the amount involved was so large it was decided to hand the matter over to council.

Clerk Wimmer read the specifications and then the bids. The solicitor thought the paper in the book should be of better grade. The bidders were the Coshocton Advertising company and Broome & Herbig, of Coshocton. A number of firms in other cities declined to bid because they had so much work on hand.

Mr. Johnson moved the contract go to Broome & Herbig for 100 copies at $1 13 a page. It passed.

New Dumping Ground.

W. M. Smith, representing the board of health, said the board had arranged with Lewis McClain for a dumping ground on his farm. He will maintain a road and provide the ground for five years at $72 a year. Smith thought it was a matter for council to decide. The place is also to be used as a burial ground for dead animals.

Mr. Powelson moved the board enter into a lease for the property. It carried, but council wants the privilege to extend the lease five years.

Not So Important.

The improvement of the alley opposite city hall between Main and Chestnut was discussed. Clerk Wimmer read the original petition. The resolution and ordinance had been passed. Mr. Johnson recalled that it had been referred to street committee to have the alley graded. Street committee investigated and reported that nothing could be done unless the alley is paved. It went over for a week.

Mr. Shaw brought up the alley between Main and Chestnut and Seventh and Eighth. Street committee will go over the matter with property owners.

President Weisner said the alley near the E H. Eckert stable was badly washed. It was handed over to street committee.

On motion of Mr. Wisenburg it was decided to go no farther with the printing of the codified ordinances until Former Solicitor Voorhees has rendered his bill for preparing the book.

President Weisner presentsd the invitation of Rev. Dr. Toland, asking council to be present at the laying of the cornerstone of Grace auditorium Friday. It was formally accepted.

Mr. Shaw wanted some change made in the hours when policemen go on duty. It went to police committee

Street committee was instructed to improve the approaches to Ash and Alder streets with earth from South Lawn avenue.

The statement was made by street committee that work on South Lawn avenue would begin Thursday.

Council received a letter of thanks from A. L. Matthews, T. W. Cornell and Herbert Denman for the Young People's Union, for its efforts in the direction of good government. The letter was also addressed to the mayor

EXPLOSION IN UTAH.

Two Powder Magazines Let Go and Many Are Dead.

[Special Telegram to THE AGE]

PARK CITY, Utah, July 16—Two powder magazines exploded in the Daly west mine where 150 men were working.

The number of dead is not known, but already 27 bodies have been taken out. No cause is assigned for the explosion.

HELD OFFICE FIFTY YEARS.

Former Secretary of State William Bell Dead in Newark.

[Special Telegram to THE AGE.]

NEWARK, July 16—Hon. William Bell. Jr., representative in the Ohio legislature and former secretary of state, died here at noon today. He held public office for 50 years.

NEW SCHOOL CODE

In Preparation for the Extraordinary Session.

It is practically settled that a new code of school laws will be presented to the extraordinary session of the legislature, as State School Commissioner Bonebrake is satisfied that the greater part of the statutes now governing the schools of the state are invalid.

Mr. Bonebrake will have a code ready for action by the general assembly if that body will consent to take up the work of revising the school laws. The educators of the state are protesting against the announced plan to consider nothing except the Royer law and the municipal code and will insist that the school laws be amended, so that there will be no question as to their constitutionality.

POLICEMEN'S PETITION

Has Been Referred to the Committee and Will Be Considered.

At a recent meeting of council the policemen of the city presented a petition asking that their salaries be increased from $40 to $50 per month.

The petition went to police committee and nothing was heard of it until Tuesday evening when some member asked what had became of it. The committee asked for more time to consider the matter before reporting to council.

The officers believe their pay is not in proportion to the work demanded of them by the city's police regulations.

DEATH OF AN OLD MAN.

Frederick Wicken Had Reached The Age of Eighty-Three

Frederick Wicken, one of the oldest residents of the city, died at his home on Orange near Burt avenue, during Tuesday night. Rev. Mr Sever will conduct funeral services Thursday afternoon and interment will be made in Roscoe cemetery.

Mr. Wicken died from the infirmities incident to old age, his years numbering 83. He is survived by his wife who had been his companion for 53 years. They were married in Roscoe, where they lived before moving to Coshocton. She is not in good health and it is feared she will not long survive.

BRICK CONTRACT

For the New Baker Building Was Awarded Tuesday.

Mr. Baker on Tuesday awarded the contract for the brick work on his Main street building to Ed Stevenson, of Coshocton, and Kelvy & Coffman, of Newark. Other contracts have been let, and as soon as the work of razing the building now occupying the property is done, work on the new structure will be commenced.

Mr. Baker has not decided whether he will build a modern apartment house on his property at North Fifth and Chestnut this season.

The young people of the Disciple church will have a social on the lawn at the high school building next Saturday evening. Icecream and cake will be served. Everybody invited. 1t

—Will Zahner, of Fort Worth, Texas, is the guest of his sister, Mrs. C. S. Belknap, on Mulberry.

—Rev. William Fees, of Kansas, is visiting Joseph Clark on Orchard, and Charles Clark on South Fifth.

—Miss Helen Belknap has returned from a visit with her grandmother, Mrs. J. G. Zahner, in Shanesville.

—Mrs. Katharine Van Ness and Fred Pratt, of Cleveland, were guests at the Lear residence on Cambridge road.

—Mrs. Cole, of Baltimore, is visiting at the home of her parents. Mr. and Mrs. Thomas Lear, on Cambridge road.

—Mr. and Mrs. Thomas Glaze, of Baltimore, are visiting the families of John Miller and Adam Hahn near the city.

—Ed Ryan, of Rochester, has joined Mrs. Ryan here at the residence of her mother, Mrs. Sweeney, on North Third.

—Misses Lizzie and Mary Poland, of Carnegie, Pa., are visiting their grandmother, Mrs. Samuel Wise, east of town.

—Mrs. Ella Jenkins, of Burlington, Iowa., was the guest of Mrs. J. W. Cassingham on South Eighth, on her way to Wheeling.

—Mr. and Mrs. Delbert Moser and Mr. and Mrs. C. F. Barnes, of Columbus, were guests of the Barnes family south of the city.

—Mrs. Joseph Maxwell and sons, Stewart and Joseph, and Miss Anna Anderson left for Tyroue, Pa., where they will be the guests of Mrs. Joseph K. Cass

—Mrs. Jeffries and son Norris and Mrs. Heinberger, who have been guests of Mrs. P. M. Pettit on South Fourth, returned to their homes in Roseville.

—Mrs. Katharine Wood, of Toledo, who has been a guest at the residence of I. J. Baker on Chestnut, left for a visit with Mrs. S. H. Baker in Spring Mountain.

—Mrs. William Hill, of Newcomerstown, and Miss Nellie Darr, of Warsaw, who have been guests at the residence of Henry Carroll on Chestnut, went to Warsaw Tuesday afternoon.

—Miss Jennie Stewart charmingly entertained about twenty five friends at her home on Second and Mulberry Tuesday evening in honor of her cousin, George W. Stewart, of Brooklyn. The rooms were beautifully decorated with sweet peas. Games, music and an elegant luncheon made up a delightful evening.

—Miss Agnes Hanlon entertained at tea Tuesday afternoon at her home on Main in honor of her guest, Miss Marie Bues, of Columbus. Those present were Misses Winifred Hanlon, Bernice DeHart, Nellie Severns, Belva Speckman, Mamie Williams, Erma Graham, Bessie Gamble, Edna Hay, Jennie Stewart, Helen Agnew, Nellie Gosser and Edith Johnson. The house was decorated with sweet peas.

—A jolly hay wagon party left the city Tuesday evening. It was made up of Misses May Denman, Kate Temple, Mary Moore, Winifred Hanlon, Beroice DeHart, Nell Burns, Alice Hadden, of Cleveland, and Edith Maxwell, of Dallas, Texas; Arthur Moore, Harry Ransom, Charles Himen, Ed Compton, Russell Hanlon, John Nicholas, Karl Hmig, Harry Hunt, George Harris, of Berea, and Stewart Maxwell, of Dallas. They were chaperoned by Mr. and Mrs. C. M. Hay. They took the nine mile drive and had luncheon by moonlight on the Denman farm.

Ping Pong at Park View. 11-6t

ONLY FOR A FEW HOURS

Governor Nash Will Be in the City Friday Afternoon.

WILL COME FROM NEWARK

Preparations for the Laying of the Cornerstone of Grace Church Are Complete.

Preparations for the laying of the cornerstone of Grace church auditorium Friday afternoon are complete.

Governor Nash, who will make the principal address, will arrive here over the Pan Handle from Newark at 2 o'clock in the afternoon and will return on train three at 5 o'clock.

The governor will be met at the station by a committe from the church, and Richard Lanning post of the Grand Army will act as his escort.

A large platform will be erected in front of the church, and seats will be provided for all the ministers of the city, visiting ministers, the choir, newspaper men, city officials and council. The people will stand in the shade facing the platform. Music for the occasion will be provided by the church choir. The order of exercises has been prepared, but there may be a change or two before the time for laying the cornerstone arrives. The ceremony will be impressive, and will doubtless be witnessed by an immense crowd.

The cornerstone will be of brown stone, and is being prepared by Mr. Cochran, the monument dealer, who will present it to the church. It will bear an appropriate inscription, and will be placed in position by three members of the building committee. It will contain copies of the Coshocton newspapers and a number of other articles. Rev. Dr. Toland has not yet made up the list.

Committees have arranged for appropriate decorations and the front of the church and the stand are expected to present a pretty appearance.

The laying of the cornerstone is a matter of interest not only to the congregation, but to the entire community.

OHIO CORPORATIONS.

An Accurate and Complete Record Will Be Kept.

The clerks in the office of the secretary of state are now checking up the corporations which have paid the Willis law tax. At the time the first notices were sent out, there was no record of the existing corporations of the state, so letters were mailed to all the corporations shown on the books of the office. Many of these letters were returned, the corporations having passed out of existence, and other companies have filed notice of dissolution.

After all the companies which have surrendered their charters, those from which letters were returned and those paying the tax have been checked off, a list of those remaining will be made and a second notice will be sent to each. It is thought that there will be very few of these.

MATINEE RACES THURSDAY.

Some Surprises Promised By The Driving Club.

The driving club has decided to hold its matinee races this week on Thursday in order that the members may attend the laying of the cornerstone.

A number of surprises are promised by the club and good racing is anticipated. New horses will be entered in some events, and it is stated that Warsaw will send down a number of fast ones in the hope of capturing some of the ribbons. The races are popular in Coshocton and a large crowd is expected Thursday.

Hello Girls to Go.

The Citizens' Telephone company will install in its Columbus office an automatic telephone switchboard. This event will mark the passing of the 100 operators now employed by that company. Only ratification of the contract by the Citizens' company directors is necessary before the new system is introduced. President Henry A. Lannon declared that installation of the new switchboard would entail an expenditure of $200,000, because all subscribers would have to be provided with new instruments The device automatically connects the various stations and disconnects when the receiver is replaced.

Needs a Hair Tonic.

C. H. Anderson, who lives near Frazeysburg, reports that he is the owner of a freak calf that is attracting much attention. The calf, which is two months old, is a thoroughbred Shorthorn and is perfectly built. With the exception of a little hair on the end of its tail, about the ears and on its legs below the knees, the animal is wholly devoid of hair and its body is as smooth and pink as a child's Mr. Anderson says the calf is a great curiosity in his neighborhood.

Cemetery Trustees Organize.

The new board of cemetery trustees held a meeting Monday evening and organized. The officers chosen are: President, Milton S. Troninger; secretary, John Wisenburg; treasurer, Frank Lightell.

UNION LABEL

REPUBLICAN STATE TICKET

For Secretary of State—
L. C. LAYLIN, Huron County
For Judge of the Supreme Court—
W. B CREW, Morgan County
For Dairy and Food Commissioner—
HORACE ANKENEY, Green Co
or Member Board of Public Works—
WILLIAM KIRTLEY, Defiance Co.

For Circuit Court Judge—
T. T. McCARTY, Stark.

According to Dun's report the cost of living for one person for one year at prices prevailing July 1 was a little over $101. It is a slight increase over the calculations of June 1 and a decrease when compared with May. It is well to remember, however, that a dollar spent for food is spent with more satisfaction when a man has the dollar than if the same food was on sale for 50 cents and he didn't have the 50 cents, as was the case so often in Democratic times.

Every man of consequence who is interested in municipal reform will watch closely the Ohio legislature during the special session. Ohio needs a new municipal code as much if not more than it needs anything, and so do some other states. If we can set the pace for the others it will be what they expect, for Ohio is in the habit of doing that sort of thing. For its own benefit and for the benefit of long suffering municipalities Ohio cannot afford to make mistakes.

It is hoped the city and the Wheeling & Lake Erie will reach some satisfactory conclusion regarding the South Seventh street muddle. The grade of the railroad is so far above the grade of the street that it will forever cause annoyance unless it comes down or the street goes up. Perhaps an adjustment could be reached if each side to the controversy yielded a little. It has been proved that litigation for Coshocton is expensive.

The Cubans have been in control of Havana only a short time but the story comes that the excellent sanitary system inaugurated by the United States government is being neglected and the city is filthy. If this is to continue it will not be long until Havana is again the birthplace of yellow fever, a menace to the southern states of this country and a disgrace to the land it should honor.

Senator Tillman sprang into the arena again the other day, and in a blaze of fireworks such as usually surround Tillman announced that he would oppose the confirmation of Senator McLaurin if the President appointed him to a life position. It is ever thus with Tillman, but he can never hope to thwart the will of the President. His strenuousness is not of the right sort.

It is stated that an Indiana man offered to send a case of smallpox to Napoleon, O., for $25, giving as his reason that money could be made out of the scare sure to follow. That fellow should be given the limit of the most stringent law mortal mind can conceive, provided he is not a plain, everyday liar.

Now that the latest addition to the navy has been given its trial trip the entire country will have one of the best fighting machines afloat as an evidence that it should "Remember the Maine."

Press reports do not say that Morgan kissed the Kaiser's hand and declared his belief in the divine right of kings. Pierpont has other and more modern methods of obtaining his heart's desire.

$3.45 to Cleveland and return via W. & L. E. Ry., July 16 and 17. Good until July 27. dw-7-17.

Special one way rate to South Dakota, Utah and Colorado points. dw-tf.

AN OIL FIELD ABLAZE

Lightning Starts a Fierce Fire at Jennings, La.

FLAMES SPREAD TO THE DERRICKS.

Workmen Throw Up Levees In a Vain Effort to Stop the Work of Destruction — Flaming Streams of Fluid Spread Out In All Directions—Help Asked From Beaumont.

Jennings, La., July 16.—During a heavy electrical storm that passed over the Jennings oil field, a bolt of lightning struck the field storage tanks of the Jennings Oil company, setting them on fire. The flames spread to the derricks of the company adjoining, and in a short time they as well as the tanks were destroyed. By the time the derricks had fallen the flames had eaten away a portion of one of the field tanks, allowing the oil to escape and the fluid rushed in burning streams in the direction of the Coulee. All workmen on the field immediately stopped operations and set about throwing up levees to prevent as far as possible the spreading of the fire. In a short time, however, another tank had broken loose and the wind had driven the flames into the derricks of the Southern, Northern and Crescent Oil companies, but they, in some manner, escaped destruction. The fire is still raging and the safety of the field depends on the strength of Jennings No. 2. The oil is leaking around this tank, and, together with the gas, is burning fiercely, sending a blaze many feet into the air.

A telephone message from the field says it is impossible to stop the flames, and that the "gate valve" will hold but a short while longer. If this gives way before all precautions that can be are taken, the entire field will be destroyed. Workmen are now engaged in removing the derricks of the remaining companies and burying the mouths of the wells under a heavy coating of mud and water.

A special train bearing experts has been asked for, and they will be taken to the field to assist in saving the remaining property from destruction as soon as they arrive from Beaumont.

RATHBONE WELCOMED.

Met at Depot by One Hundred Representative Citizens.

Hamilton, O., July 16.—A series of demonstrations in honor of E. G. Rathbone, late director of posts in Cuba, were given here on the occasion of his return to his old home. On his arrival from Cincinnati he was met at the depot by about 100 representative citizens and escorted to the St. Charles hotel, where parlors had been engaged for a public reception, which continued for a couple of hours. Later a dinner was tendered him.

To Settle Brewery Lockout.

Cincinnati, July 16.—At the request of the joint executive board of the Brewery Workers' union, the Cincinnati Labor council appointed a committee to hold a conference with the brewers of Cincinnati, Covington and Newport to try to settle the brewery lockout of Feb. 22. Of the 1,200 men locked out less than 300 are idle now, and a compromise that will secure the employment of all is expected, when the boycott will be raised.

Despondent Old Man.

Chillicothe, O., July 16.—Jacob Schaeffer put an end to his life by cutting his throat with a razor. He was 74 years old. Having no relatives and being too old to work, he became despondent, and his old age and poor health led him to commit the act.

First Cars Run to Xenia.

Xenia, O., July 16.—The last rails of the Springfield and Xenia traction line were laid, and the first traction car ever run between the two cities made its appearance in this city. This makes three traction lines for Xenia.

"Buffalo" Jones a Buffalo Warden.

Charles J. Jones, popularly known as "Buffalo" Jones, was appointed buffalo warden for Yellowstone park the other day, says a Washington dispatch. Mr. Jones has devoted much attention to the preservation of the American bison and was largely instrumental in securing an appropriation at the last session of congress for the establishment of a government buffalo ranch in the Yellowstone park. This establishment will be under Mr. Jones' charge.

THIS AND THAT.

Crisp Items of Information From Every Clime.

Mary Taylor, 16, and Harry Jensen, 17, were drowned in Lake Michigan by the capsizing of the yacht Arab IV.

In a riot between whites and blacks at Orangeburg, S. C., Isaac Smith, colored, was killed and several others wounded.

Thirty persons were drowned by the sinking of a small passenger steamer on the Luge river, Russia, near Probroa-Schenskaia.

In a rear-end collision at Kirkersville (O.) station, on the Baltimore and Ohio railroad, Engineer J. A. Little and Brakeman Orin Ditter were killed.

A blast of dynamite caused an explosion in No. 4 mine of the Berwind-White company at Windber, Pa., killing four men and injuring many others.

The body of David Merrill, with a bullet wound in the back, has been found. He was killed by Harry Tracy, with whom he escaped from the Oregon penitentiary.

Flood Signals Up.

Keokuk, Ia., July 16.—The flood danger has been transferred from the Des Moines valley to the Mississippi lowlands for 75 miles in Missouri. The Mississippi rose a foot and a half in 12 hours above the mouth of the Des Moines river, partly caused by a sudden rise in the Skunk river, 30 miles above. Observer Gosewisch of the Keokuk weather bureau station sent out warnings to all points down the Mississippi river that the river will get near the danger line. A rise of only a foot and a half more will flood several hundred square miles of Missouri cornfields.

Taft Framing a Reply.

Rome, July 16.—William H. Taft, governor of the Philippine Islands, received a long cable dispatch from Secretary of War Root giving the basis upon which the reply to the last note from the vatican regarding religious affairs in the Philippines shall be framed. Judge Taft and his advisers are now engaged in the compilation of this reply, so that it may be delivered to the vatican Wednesday.

Secretary Root at West Point.

West Point, July 16.—Secretary Root arrived here unheralded and had a conference with Colonel Mills, the superintendent, in connection with the expenditure of the $5,000,000 recently appropriated by congress for new buildings and improvements at the military academy.

Pilot Suspended.

Kingston, Jamaica, July 16.—The certificate of the German pilot who was on board the German steamer Altai when she went ashore recently outside this harbor, and who was held responsible for the grounding of the steamer, has been suspended for nine months.

For Target Practice.

New York, July 16.—The battleships Kearsarge and Alabama passed Sandy Hook bound out to begin target practice and various drills and evolutions preparatory to the maneuvers scheduled for next month.

PROPOSED ARMY UNIFORMS

Board Recommends Shelving of the Blue For Khaki Green Suits.

The army uniform board, which has been in session in Washington for several months and of which Major General Hughes is president, has submitted its report to the secretary of war, says the New York Times.

No longer can the American army be termed the "boys in blue." In future they must be called the "men in khaki," for the famous and characteristic blue field uniforms, if the recommendations of the board are adopted, will be done away with except for "occasions" dress.

For a field uniform the board has designated a suit of khaki green color, not by any means presenting a beautiful appearance, but considered by army officers as most serviceable. In the summer and for hot climates this uniform will be of light weight and in the winter and cold climates of heavy material.

The long blue overcoat worn for so many years by both officers and men will be shelved, and a long overcoat of this same brownish green color will be substituted. In the opinion of the officers who constituted the board the new color adopted will be most difficult for an enemy to see on the field of battle. Its wearing qualities are also superior to the blue uniforms.

Many changes are also recommended for full dress uniforms. The helmet will be abandoned, and a cap of the same shape as worn by Lieutenant General Miles will be adopted. This cap is modeled after that of the Italian army. The shoulder knots are to be greatly reduced in size and made more ornamental. The sword carried by officers will in the future be a weapon in every sense of the word instead of a toy affair such as is now used.

Trunks, Valises and Suit Cases!

Are you going away on your vacation? If so, do not forget that we have a large line of trunks, Suit Cases and Telescopes. A look will convince you that we are money savers in this line.

The MODEL

NEW ORDER OF SOLDIERS.

Aims of the Organization Explained by "Private" Dalzell.

An old soldiers' organization has been started at Washington, and it is planned to extend it all over the country and to take into it all citizens who ever have fought for the United States, says the New York Times. Speaking for the new organization, "Private" Dalzell said:

"This organization is intended to embrace soldiers of all wars and their sons in a national political organization. It will not interfere with party politics, religion or any other obligations of its members. It will not antagonize the Grand Army of the Republic or the Union Veterans' union or any other patriotic organization now in existence, because the members of this new organization belong to the others.

"The intention of the promoters of the new combination, if it may be so called, is to have organizations by states, congressional districts, counties and precincts, the same as the political parties have organizations today. It is the purpose of the organization to control nominations and elections of men who are favorable to the soldier and if need be to defeat, without regard to party, any man in the country for office who has demonstrated hostility or indifference to the interests of the old soldier of any and every war.

"So broad is this new order that President Roosevelt, himself an honorably discharged soldier of the United States army, may and likely will become a member, as will also, if they desire, General Breckinridge and 'Fighting Joe' Wheeler, although they were fighters against the Union in the civil war. The single requirement for eligibility is an honorable discharge from the military or naval service of the government. Sons of eligible members will also be admitted to the order. The Grand Army of the Republic is prohibited by its constitution and bylaws from interfering in any way in the nomination or appointment or election of any person to civil office."

WHEELING & LAKE ERIE R. R

Excursion tickets good until Oct., 31, to Chautauqua, N. Y. $9.70 round trip.

Low Fares to Colorado and Utah Points

Are in effect from June 1st to September 15th, 1902. Final limit October 31st. BEARPROOF WAGONS.

Style of Vehicles For Transporting Meat In Yellowstone Park.

Bears are more numerous in Yellowstone park this year than ever before, says a dispatch from Mammoth Hot Springs to the St. Paul Dispatch. Among the objects of interest the bearproof meat wagons used to transport meat over the mountain roads to the park hotels occasion no little comment. On first sight they are taken for government ammunition wagons, as they are built along bombproof lines. The wagon beds are about three feet high and covered with heavy sheet iron, iron gratings on the ends providing ventilation.

The bears are so numerous that these wagons have become a necessity. An ordinary wagon bed with a wooden box would be torn to pieces in a single night and the meat taken or carried away. It is doubtful if even these bearproof wagons would withstand the test if exposed too long, owing to the ingenuity and great strength of the animals.

Correct Fobs For Women.

Fobs seem to be coming into favor again for women. Washable fobs in embroidered duck and pique are mostly seen in the shops. Some of them are finished with pretty little enamel slides, others with gold and gun metal stirrups. Leather fobs have novelty slides and a finish of silver.

The Lobster Hatchery.

Nature grim, in remorseless mood,
Undoes the work that she has done,
And out of every lobster brood
Slays ninety-nine and keeps but one.

Art stretches o'er the horrid scene
Her skilful and remedial sway,
And when I speak of "art" I mean
The fish commission, U. S. A.

It takes the tender lobsterlet
And gives him food and kind advice,
Changes his boots if they are wet,
Brushes his hair and makes him nice.

And, lo, this baby of the sea
In gratitude begins to thrive;
Where one per cent it used to be,
Fifty, all fat, remain alive.

Oh, noble work, heroic, grand,
That saves in scientific ways
Those little lisping lobsters and
Keeps them for me and mayonnaise.

M. and M. Stakes.

Detroit, July 16.—The Detroit Driving club's merchants' and manufacturers' $10,000 stake for 2:24 class trotters at Grasse Pointe track was won in hollow fashion by Rhythmic, a blind horse, owned by Jessie Turney of Paris, Ky., that had never started in a race before. Rythmic's best time was 2:11¼, which is 2¼ seconds slower than the record for this event made last year by Eleata. J. C. McKinney's mare Zephyr ruled favorite in the early betting, but went lame while warming up for the race and was drawn, after a veterinary had announced the mare unfit to race. The track was in excellent condition

ONLY ONE CHANCE

To Visit the Seashore on Cheap Tickets via The Pennsylvania Lines.

Only one special excursion to the seashore will be run via Pennsylvania lines this summer. The date fixed for it is Thursday, July 31. On that date special rate round trip tickets to ten of the most attractive seaside resorts along the Atlantic coast will be sold and special through car service will be arranged for the convenience of persons wishing to visit Atlantic City, Cape May, Avalon, Anglesea, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Ocean City, Maryland, or Rehoboth, Delaware The return limits on tickets to either resort will cover the customary ten days vacation. A $15,000 Crop of Ginseng.

Toledo, July 16.—Two farmers, George F. Langworthy and his son, residing in Weaver, have raised a $15,000 crop of ginseng on one-third of an acre.

Troops on Parade.

Krasnoe-Selo, Russia, July 16.—About 29,000 troops, commanded by the Grand Duke Vladimir, uncle of the czar, were paraded in honor of King Victor Emmanuel of Italy. The arrival of the czar and the king was greeted by the playing of the Italian national anthem by the massed bands, the troops applauding thunderously. The czarina and other ladies of the imperial family were driven to the scene in open carriages.

WOMEN'S WOES.

Hard for any woman to do housework—to attend to daily duties with a constantly aching back. Every woman should learn the cause of backache and the cure.

Doan's Kidney Pills

relieve a bad back and cure it—cure every kidney and bladder disorder, from backache to complicated cases.

Mrs. Isaac Elwell, of 548 East Main street, Painesville, O., wife of a well-known contractor and builder, says: "I suffered from backache for years, was often not able to do my work, and at times was confined to my bed. In the winter of 1898 I was in poor health, run down, and the pains in my back were more severe than ever. I also suffered from distress in the stomach, could not eat, and what little food I ate did not agree with me. I was induced to try Doan's Kidney Pills, and got a box at Moodey's pharmacy. They did me more good than any other remedy I ever used, and I recommend them whenever an occasion presents itself."

Doan's Kidney Pills sold at all drug stores; 50 cents. Foster-Milburn Co., Buffalo, N. Y.

Policemen Injured.

Belfast, Ireland, July 15.—A report has reached here that a score of policemen and a district inspector were injured while attempting to quell a riot at Newry, counties of Down and Armagh. A number of the Orange and Nationalist combatants were also injured H. Bredin, a Presbyterian clergyman, was knocked from his bicycle and severely injured by a blow on the head with a stone.

Hot Time In London.

London, July 15.—With the thermometer at 86 degrees in the shade and 127 in the sun, the hottest day of the year, there were many cases of sunstroke treated at the hospitals, and the St. John ambulance men were kept busy treating prostrations. The omnibus and streetcar companies had large forces of men engaged in supplying the horses with oatmeal water.

TOWNS WIPED OUT.

Tornado Does a Great Amount of Damage in the Northwest.

St. Paul, July 16. — According to late reports Borup, Eldorado and Thompson are completely wiped out by a tornado. Great loss of life is feared.

The first intimation of the seriousness of the storm came when the Great Northern and Northern Pacific telegraph lines in the storm district were suddenly snuffed out. A few moments later communication west of Fargo on the Great Northern and west of Ulen on the Northern Pacific was absolutely cut off. The little town of Borup, on the St. Vincent line of the Great Northern, is an absolute wreck The final report was that the entire town was wiped out and hardly a structure of any sort left standing.

With the report from the St. Vincent branch came reports that the towns of Eldorado, about seven miles from Grand Forks, and Thompson, between Grand Forks and Larimore, had been destroyed. At Thompson the Great Northern station lies a confused mass of wreckage directly across the main line. Stores and residences are in ruins, and the main portion of the town is wiped out. The population is about 200. Mere fragments of information come from Eldorado, but these indicate the destruction of that town of about 250 people.

Mitchell Will Be Supreme.

Indianapolis, July 16.—Not a sufficient number of delegates to the miners' national convention has as yet arrived to make it possible to form anything approaching an accurate forecast of the action of the convention. Until President Mitchell arrives everything will be more or less indefinite. From the talk of such delegates as have already arrived, it is evident that President Mitchell will dominate the convention completely. Several delegates announced that they had come uninstructed regarding the vote for a national strike, and were waiting to hear the opinion of the president on the matter. Others said they had come practically instructed to take such action as President Mitchell deemed advisable.

Report of Mine Inspectors.

Johnstown, Pa., July 16.—Mine Inspectors Evans, Roby and Ross were in the Cambria Rolling Mill mine, in the Klondike region, where last Thursday's explosion occurred. They report things as going on well inside. The air is not yet in its proper course, due to the fact that workmen are still working on the various doors, and that it will be a couple of days before these are finished. Permanent doors are being put in again, and these will require some time to finish, and it may be three or four days before ventilation gets started in the area covered by the explosion as it was before the fatal occurrence. No one will be allowed to go to work for the present in the Klondike region.

Democratic Banquet.

Boston, July 16.—The New England Democratic league has issued a circular letter concerning the banquet to be given at Natasket Beach July 24. The letter says that Hon. William J. Bryan of Nebraska, Hon. Edward M. Shepard of New York, Senator Edward W. Carmack of Tennessee and Senator Joseph W. Bailey of Texas will speak. Hon. P. A. Collins, mayor of Boston, will preside. The meeting will mark the opening of the congressional campaign in New England.

Bond Issue Authorized.

Berlin, July 16. — The Frankfurter Zeitung prints a special dispatch from Peking which says that an imperial decree has been issued giving the American China Development company authority to issue $40,000,000 in bonds to complete the railroad from Hankow to Canton.

Will Attend Funeral.

Baltimore, July 16.—Cardinal Gibbons left for Chicago, where he will attend the funeral of Archbishop Feehan, which will take place in the Cathedral of the Holy Name in that city on Thursday morning. Several of the minor clergy of Baltimore will also attend the funeral.

Damage by Fire.

Nice, France, July 16.—The damage caused by the fire which partly destroyed the Grande Magazine, the Military club and the branch of the credit Lyonnaise, is estimated at 1,200,000 francs.

Elections In Mexico.

City of Mexico, July 16.—Full returns from the congressional elections to the new federal congress show that a large proportion of the former members of both houses have been re-elected.

Searching For Useful Plants.

St. Petersburg, July 16.—A specialist named E. A. Bessey, belonging to the United States department of agriculture, has begun a tour of Russia in search of plants suitable for America.

Seashore Excursion.

Thursday, July 31, excursion tickets will be sold via Pennsylvania Lines to Atlantic City, Cape May, Avalon, Anglesea, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Ocean City, Maryland, and Rehoboth, Delaware. Return limit will cover the customary ten days' vacation. This will be a grand opportunity for a delightful vacation outing. For details apply to Wm. H. Kipp, ticket agent, Coshocton, O. 7-31

SOME HUGE FIGURES

Presented by the United States Steel Corporation.

GIVEN IN BOND CONVERSION SUIT.

Injunction Proceedings Bring President Schwab to the Fore With a Statement of the Values of the Various Properties Belonging to the Subsidiary Companies.

Newark, N. J., July 16.—In the suit brought for an injunction to prevent the United States Steel corporation from carrying out its bond conversion plan, an answer was filed on Tuesday before Vice Chancellor Emery. When the case came up before the vice chancellor it was put over until July 25. The answer is sworn to by Charles M. Schwab as president. For the first time since the organization of the steel corporation a detailed statement of the assets of the properties of the subsidiary companies is furnished. These assets, it is stated, include 400 producing mills of the value of $300,000,000; 75 blast furnaces of the value of $48,000,000; iron and bessemer ore properties of the value of $700,000,000; coal and coke properties of the value of $100,000,000; natural gas fields of the value of $220,000,000; cash in bank to the amount of $66,000,000, and over $80,000,000 of material in process of manufacture. The total value of the company's property, including cash and assets, is placed at $1,400,000,000 by Mr. Schwab in an affidavit which is part of the corporation's reply.

The company's earnings are stated to be at the rate of more than $140,000,000 a year. A saving of $40,000,000 a year is credited to the ore properties, and it is estimated that the ownership of transportation facilities saves the company $10,000,000 annually. The earnings of the coal and coke properties are stated to be more than $1,000,000 a month.

These statements as to values and earnings were presented to disprove a charge by the plaintiffs that Mr. Schwab, the president, and Mr. Trimble, the secretary, made a false certificate when they certified that, in their judgment, the properties were worth at least the par value of the preferred stock after deducting all indebtedness.

Macedonians and Turks Clash.

London, July 16.—Official reports describe a formidable Macedonian rising in the village of Monastair, Europrean Turkey. According to these reports the rebels, entrenched on the banks of the Ostravo, withstood the attacks of 1,000 Turkish regulars and several hundred Bashi-Bazouks for a week. Finally the Turks placed the Macedonian women and children in the front as a screen, and stormed the position of the rebels. The latter maintained a murderous fire, and many women and children were killed by their own husbands and fathers. After dispersing the rebels the Turks massacred the population and looted and burned the houses of the inhabitants.

Chinese Cruiser Blown Up.

Victoria, B. C., July 16.—News was received by the steamer Empress of India of the destruction of the Chinese cruiser Hai Chee at Nanking by an explosion. The Japanese cruiser Atago arrived at Hsia Kuan on June 21 and the magazine of the Hai Chee was opened to salute her. Then came the explosion. Of the crew of 250 but two escaped. The cruiser went up lake a flash, the explosion being heard for five miles, and showers of debris were scattered far and near. Three small boats lying alongside were destroyed with their occupants. The United States cruiser Helena, which was in the vicinity, picked up the two survivors from the wreckage.

Ten Per Cent Instructed.

Wilkesbarre, Pa., July 16.—The Ninth district United Mine Workers' delegation, headed by President Fahey, and the Seventh district delegates, accompanied by President Duffy, left for Indianapolis to attend the national miners' convention. Ten per cent of the delegates are instructed to ballot for a general strike, while the remainder are pledged to vote according to the advice of President Mitchell and the presidents of the hard districts.

Coal Exchange.

New York, July 16.—Representatives of about 30 firms that ship soft coal to this port met and determined to form a permanent organization of the trade. The new organization will be known as the Bituminous Coal association, and the idea is to open permanent headquarters in this city, with an ultimate view to opening and maintaining a bituminous coal exchange.

World's Record Broken.

Pittsburg, July 16.—Albert Champion of France and his opponent, Basil De Guisbard, also of France, in their one-hour motor-paced race at the Coloseum both broke the world's record held by Harry Elkes. Champion went 41 miles and 365 yards, which is 2½ miles more than Elkes made. De Guisbard made two miles above Elkes' record.

Arrivals From Cuba.

New York, July 16.—Among the passengers who arrived on the steamer Mexico from Havana were Antonio Martin Rivero, first secretary of the Cuban legation at Washington, and Mrs. E. G. Rathbone, wife of the recently released postal official.

VESSELS COLLIDE.

United States Steamer Michigan Gets the Worst of the Bump.

Erie, Pa., July 16.—The big freighter M. B. Grover stove into the United States steamer Michigan, lying at her dock here, and drove her down the bay a distance of 150 feet.

The crash was a terrific one. The nose of the Grover ploughed into the Michigan, tearing her from her fastenings, and held her in front while the Grover carried her all that distance. There was great excitement aboard the war vessel. The collision was unexpected, and naturally enough the crew was demoralized by the abruptness of the thrilling event. Splinters and ribs and flooring of the decks flew and threshed about, and the air was full of debris.

Commander Winder of the Michigan estimates the loss at $10,000. This includes the ruining of two six-pound Driggs-Schroeder rapid-fire guns of an improved pattern and a whale boat valued at $400.

Captain Baker of the Grover, it is said, places the blame on Second Engineer James Murray. The boat was moving toward a fuel dock near the Michigan's berth, and he signalled to reverse the engines. Instead Murray gave full speed ahead.

Makes a Comparison.

Berlin, July 16.—"Nautical 1902" is the title of the latest issue of a naval annual, edited anonymously, in the German navy department. It makes an interesting comparison of the latest American and German artillery, and admits that artillery superiority is on the side of the American battleships. "But," adds the annual, "it is questionable whether, apart from the difficulty of directing the fire of such a great number of guns, they do not hinder each other and neutralize their superior ballistic effect."

Committee Not Restricted.

St. Petersburg, July 16.—M. DeWitte, the minister of finance, declares that the czar, with a view of affording the people of the provinces still further freedom of expression regarding the condition of the peasantry, had directed the local committee of the commission appointed for the purpose of probing social problems to raise any questions they pleased, in addition to those provided for in the program of inquiry.

Marietta Receives Orders.

Washington, July 16.—The Marietta, which arrived at Kingston, Jamaica, from Cape Haytien, was met there by the cable instructions dispatched from the navy department ordering her to proceed to La Guaira, Venezuela, in response to Minister Bowen's appeal for an additional ship in those waters. The operations of the revolutionists and the government troops are now rather critical at several points.

To Dine With Royalty.

Christania, Norway, July 16.—The United States warships Illinois, Chicago and Albany were decorated, and joined with other ships in firing a salute on the arrival here of King Oscar II. His majesty invited Rear Admiral Crowinshield and his staff and the commanders of the Chicago and Albany to dine at the palace on Thursday, July 17.

Work of a Cyclone.

Chalon-Sur-Saone, France, July 16.—A violent cyclone visited this city, doing immense damage. Several vessels on the river were sunk, the Alcazar was destroyed and the streets and shops were flooded.

BIG STRIKE BROKEN.

Four Railroads and Employes Reach an Agreement.

RADICALS MAY REFUSE TO ACCEPT.

President of the Teamsters' Union Orders the Drivers Back to Work, and Upon the Advice of the Teamsters' Board of Arbitration the Freight Handlers Sign a Scale.

Chicago, July 16.—With agreements reached between four railroads and their employes, the great strike of the freight handlers and teamsters that has paralyzed the industries of Chicago for a week is apparently broken. By Thursday, according to the present outlook, there will be few evidences of the strike. Some of the more radical unionists may refuse to accept the terms accepted by representative committees, but apparently they will be able to wield but little influence with the majority of the strikers. It is possible, however, that the radicals may prevent the strike from being called off at the next mass meeting of the freight handlers. Upon the action taken at this meeting will depend the attitude of the striking teamsters. Their national president, Al Young, ordered them back to work, but if the freight handlers refuse to declare the strike off officially some of the teamsters may refuse to work. It is conceded that their officers exercise little absolute authority.

The four railroads that entered into agreements with their men were the Lake Shore and Michigan Southern, the Chicago and Northwestern, the Nickel Plate and the Illinois Central. Of the four, the Northwestern and the Illinois Central accepted the proposition made upon the advice of the teamsters' board of arbitration. The Nickel Plate and Lake Shore succeeded in getting their men to sign the scale presented by the railroads on July 1.

Consequently neither the freight handlers nor the railroads claim a victory. As the employes of the Lake Shore were the first to sign, however, the railroads are expressing the greatest satisfaction over the break in the strike. The freight handlers return to work without having obtained recognition of their union, time and a half for overtime, or the abolisament of the probation period. On the other hand, the freight handlers have obtained increases in pay, the smallest one being 25 cents a day, procured by the truckers.

While the signing of the agreements breaks the strike, it does not end it. It is still in progress as far as 20 of the 24 railroads in the city are concerned. President Curran and a few of his supporters are still unreconciled, and state they will not recognize any of the agreements.

The fact remains, however, that the majority of the freight handlers are seemingly tired of the strike and are willing to return to work.

Battleship Maine.

Philadelphia, July 16.—The new battleship Maine, built at Cramps' shipyard to replace the vessel destroyed in Havana harbor, started on the builders' trial trip off the Delaware capes. A party of about 30 guests were on board the battleship to watch her speed trial. It included Edward McIlvaine, president of the Bethlehem steel works; E. A. Bond of Albany, the engineer of the state of New York; James Neily, representative of the Sterling company, which manufactured the Nictausse boilers, with which the big ship is fitted; Naval Constructor John F. Hanscom, who has supervised her construction; Commander Moore and Commander Scott, United States navy; Ali Bey and Sabri Bey, two Turkish officers stationed at the yard to supervise the construction of the Ottoman cruiser Medjidia

Panama Canal.

Washington, July 16. — A definite arrangement which will shelve the Panama canal matter in its diplomatic phase until the return of Secretary Hay from his well-earned summer vacation, it is believed will be effected before the end of the current week. There are quite a number of important issues hinging on the question of sovereignty which must be reconciled, and Senor Concha has sent several cablegrams to Bogota explaining to the officials there the nature of the modifications which must be made in the treaty before it can be finally presented for signature.

Prices Dropped.

Chicago, July 15.—The famous John W. Gates corner in July corn came to an abrupt termination when it became known that shorts to the extent of a good many million bushels had effected private settlements with Harris, Gates & Company, and that the deal was at an end so far as the steel magnate was concerned. The July price responded to the settlement by a quick drop of 15¾ cents, from 80 cents to 65¼ cents. Later it recovered a fraction and closed at 65½ cents, substantially the price of the cash article.

Endymion Won Yacht Race.

New York, July 16.—The schooner yacht Endymion won the ocean race from Brenton's reef lightship to Seagate for a cup offered by Commodore Robert E. Tod of the Atlantic Yacht club. The distance is 145 miles, but it was a beat all the way against a southwest breeze and she sailed some 225 miles, covering the distance in 26 hours 30 minutes.

NEWSPAPERARCHIVE®

RIGHT AT HOME.

Town Topics and All Kinds of Local Happenings Told in Brief.

—The Gray Hardware Company.

—Born to Mr. and Mrs. Ed Wilson, North Twelfth street, a daughter.

—The Odd Fellows elected officers Monday evening. The meeting was largely attended.

—The Roscoe M. P. church has arranged for a boatride down the canal Saturday evening.

—A car jumped the track on the Walhonding Tuesday afternoon and Pan Handle trains were delayed.

—A large crop of berries is being gathered in this section, and every day many pickers go out from the city.

—G. W. Bender harvested his oats just 84 days after the seed was put in the ground. Mr. Bender lives in Clark township on R. F. D. route No. 3.

—A large crowd attended the lawn fete given by Cecil Memorial church on Kenilworth avenue Tuesday evening. The Marine band provided music for the occasion.

—Brooks Johnson, who was charged with keeping his saloon open last Sunday, plead guilty in police court and was fined $10 and costs. He paid and was allowed to go.

—Repairs at the plant of the Coshocton Glass company have been completed, and the month of September is anxiously awaited in order that work may be resumed.

—Workmen are repairing the tower at the Forbes residence on Main. The style has been changed in order that it be free from lightning, it having been struck a number of times.

—Attorney Seth C. Duncan is storing his law library in a room in the Selby building and will devote his entire time to the affairs of the Indian Camp Coal company of which he is an officer.

—A well dressed woman, ladylike in appearance and manner, has been making money by a neat scheme in Newark. She sold at good prices what she said was real Irish point lace. It proved to be a cheap imitation. The police are after her.

—Frew Moffit, who has been ill for months and for some time has been at the residence of President Weisner of council, has so far recovered as to be able to walk out a little. His many friends will be glad to hear of his improvement.

—Contractor Kissner has a large force at work on the upper Chestnut street improvement. It is his intention to have that work done with the least possible delay in order that attention may be given the work on South Lawn avenue.

COURT HOUSE.

A. Horner to B. C. Fisher 200 acres Crawford township, $1500.

MARRIAGE PERMITS.

William A. Gaskell, laborer, Plainfield; Annie A. Phillabaum, White Eyes township.

PROBATE COURT.

S. Hilton Buker filed account as guardian of the minor heirs of Martha Haas, deceased.

Impaired Digestion

May not be all that is meant by *dyspepsia* now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla

which strengthens the whole digestive system

CENTER VALLEY.

CENTER VALLEY, July 15.—The farmers of this section are busy making hay.

Mrs. W. A. Calhoun is recovering from a severe sickness.

Theodore Bluck and wife spent Saturday and Sunday in Newcomerstown.

Charles Wilson, who is employed on the Pan Handle, was home Sunday.

Mrs. O. W. Sergeant and children, of Isleta, visited her parents.

Mr. and Mrs. Jackson Franklin, of Otsego, were the guests of Mr. and Mrs. J. G. Deeds.

J. L. Whiteside and wife were in Newcomerstown Sunday.

Mr. and Mrs. Louis Lininger, of Delaware, visited in this section Sunday.

Marine Band's Excursion.

The Marine band and their friends will enjoy a boat ride on the canal Thursday evening. The boat will leave Roscoe at 7:30 o'clock. The band announced the excursion some time ago, but rain put an end to the plans.

Resigned His Position.

A. W. Swihart has resigned his position with the Singer Sewing Machine company, and J. B. Mathews, formerly a partner in the business, will take charge of this territory and the Coshocton office. Mr. Swihart has not decided what he will do.

Bring your job printing to The Age office.

FRIEND OF THE POOR.

Philanthropist Spends His Last Days Donating $10,000,000.

CLOSELY INVESTIGATES CASES.

Abraham Slimmer of Iowa Acquired His Fortune For the Sole Purpose of Aiding the Needy and Sick. How He "Drives Bargains" to Make Institutions Self Supporting.

In Abraham Slimmer, Waverly, Ia., has a philanthropist who has mastered the science of successful charity, says the New York Evening World. In many ways he resembles John M. Burke of New York, and he works a great deal along the lines of Mr. Burke's ideas, save that he seeks to help the very poor. He has accumulated $[illegible],000, and he is going to give it all away. Already he has arranged for the disposition of a part of it. He gives with as much care as he has exercised all his life in his business. In his own language, he "drives a hard bargain," but the recipients of his charity come to see the common sense of his arrangements.

Mr. Slimmer is a bachelor. He says he has made money all his life, and the only pleasure he finds now is in giving it away. He expects to die without a cent.

In an interview in which he outlined his plans Mr. Slimmer told of some things he has done and discoursed upon the foolishness of the general run of charity. He has a safe full of ironclad contracts he has made with the recipients of his bounty and prides himself on the fact that they cannot be broken. Said he, showing one of these documents:

"Here is a contract with a hospital. I gave them $50,000, and they at first raised the same amount, when a few weeks before they told me they could not raise $2,000 to keep the little hospital they had from being abandoned. Later they raised another $50,000, and it is now a rich institution. My conditions were hard, and they fought me for months over them, but they feel differently now. I provided that the building should cost $25,000 and the remaining $75,000 should be placed in a permanent fund, which I named after the widow of an ex-governor of the state solely because she was a good woman. She had not a dollar to give. Then I provided that every patient who had no money should be paid at the rate of $7 per week out of this permanent fund. If there were no poor patients, they got none of the fund.

"Begging letters?" he repeated in answer to the question. "Yes, I get thousands of letters of all kinds—letters asking me how I work my charities, letters telling me that I ought to have a helper, and winding up with some good woman offering to marry me. But it is not through letters that I find out what to do. I go into a town, attracted perhaps by a little item in a paper. I say nothing, but find out things. One time I went into a town and found there was an old woman's home where the inmates were placed two in a small room that had to be chalked across to keep the occupants from quarreling. They asked me to buy a quilt, as they were having to make and sell things or close the institution. I refused to buy the quilt because I could not see any good that money would do, but I hunted up the richest man in the town and told him that if he and his neighbors would raise $50,000 I would give the same. He laughed at me and said the thing was utterly impossible; that they had been trying to raise $1,500 for two years and had only half of it. I talked to him for half an hour, and he gave $10,000 himself and got the other $40,000 in twenty-four hours."

Mr. Slimmer is now, as he says, seventy-three years of age. He is a small man, perhaps 5 feet 7 inches, and weighs 130 pounds. He is inseparable from his hat and never changes the style. He cares little for dress and wears a twelve dollar suit, with old style boots. Besides his "work," his hobby is old people and old friends. Among the latter he numbers Turk, as rascally an old horse, grown fat and sleek on the best the land affords, as one will meet in a day's journey. He had a little crop eared dog, mention of whose death a year ago is still the signal for a solemn face on the part of the master.

Mr. Slimmer has many plans for the future. He has just begun to give money away, he says. Some of his plans concern Chicago. He will not discuss them except in a general way. But wherever he goes and whatever he does it will be taken for granted that some conditions will be maintained.

"I do not make hard and fast conditions with the sisters," he says, "because they devote their lives to the work, perform the labor of the institutions with their own hands and can make an institution pay where salary drawing people would fail. They are honest and earnest, and if their religion is narrow, according to my way of thinking, they are earnest in it and believe in it.

"I will not have women in the directories of the institutions I help to start. I do not care for a few, but I will not have them given any part of the management of affairs. They are sympathetic and emotional, but they cannot do anything without getting up factions and quarrels, and they put their personal friends in fat positions if they can. And, last of all, I will not give anything to institutions that can get along without me. I prefer to start something myself—something that would not be started without me. I can find enough to do even with all these conditions, so my business will not suffer for want of patronage."

"AUTO POLO" LATEST FAD.

Boston Sportsman Cleverly Showed Its Varied Possibilities.

Automobile polo is the latest addition to the realm of sport, and Mr. Joshua Crane, Jr., of the Dedham Polo club has demonstrated that "auto polo" is a possibility, says a Boston dispatch to the New York Herald.

The automobile variety of polo is not likely, however, to become very popular, as an unlimited number of machines would be required if there was any "riding off" attempted.

Mr. Crane owns a big touring machine, which runs under his management with the agility and handiness of a well trained pony. At Karlstein the other afternoon he gave an exhibition of his skill in running the machine with one hand and making a pretty series of strokes with a polo mallet, knocking the ball the length of the field as cleverly as he could from a polo pony. At the end of his run Mr. Crane rapped a backhander and then in a jiffy made a dazzling turn at speed with his automobile and was on the ball again for a run to the other end of the field.

Mr. Crane also successfully tried some fancy shots between the wheels of his machine and altogether gave a very remarkable performance. There was one drawback, however, regarding the strokes which may be used by a chauffeur. On a touring machine it is impossible to make near side strokes, but this might be accomplished on a runabout.

Of course it takes considerable skill to hit a ball from the driver's seat on an automobile, as the player must reach out over the wheel and at the same time maintain control of the machine, but Mr. Crane has the trick down to perfection and never missed a stroke on runs the length of the Dedham polo field.

Parasols on Whips.

Mrs. De Lancey Kane has inaugurated a fashion in Newport which is sure to find many followers among horsewomen, says the New York Press. She is using a whip these days which serves as a sunshade. The parasol is placed in the center and protects her from the sun while driving on Bellevue avenue.

By comparing our prices with others you can plainly see we retail groceries at wholesale prices and that is not all—With every $2.00 purchase at our store we give you a $2.00 Picture for 89c. Call and see the pictures.

In the Hosiery Dept.

We buy our Hosiery in case lots direct from the Hosiery mills and we retail Hosiery at the wholesale price. Our big Rome sale will be continued next week as the demand has been such as to continue.

We sell the Rome ware because it is all guaranteed and we guarantee it to our customers. We buy it in gross lots direct from the Rome Manufacturing Co., and we retail it at the wholesale price.

Just think of it, a 2 qt Nickle Plated coffee pot, only 54c. Nearly as cheap as granite. This is 20 per cent. cheaper than our competitors can offer.

We have hundreds of bargains to offer you but space will not permit. But if you will visit our store you will see we have the goods at the right price.

We just received a car load of Graniteware and Tinware on which we would be pleased to quote you prices.

All kinds of glasses:

Jelly Glasses	19c doz
Water Glasses	26c doz
Fruit Jars pts	45c doz
Quarts	48c doz
½-2 Gals	61c doz
100 piece Dinner Sets	$5.68

In the Shoe Dept.

Since remodeling our store we have added several thousand dollars worth of Shoes, the best money can buy.

Among these Shoes is the AMERICAN LADY Shoes, every pair guaranteed and the latest style. Anybody buying a pair of these shoes, we will give free, a portrait of the prettiest lady in America. Call and examine our shoes. The right shoes at the right prices.

We carry a fine line of Grips, Suit Cases and Trunks. Give us a call; we have the largest line in Coshocton.

In the Clothing Dept.

We have added some of the best Clothing money can buy. Equal to the Tailor Made suits and only one-half the price. Just think, a fine all-wool, clay worsted suit

$7.50

A regular $12.00 suit.

Boys' Suits 69c up to $5.00

We sell Clothing on 20 per cent not 50 per cent. Quick sales and small profits.

We run fifteen stores in one and the expence is only a slight more than one store that makes a specialty of one line. That's how we can afford to sell so cheap.

Miscellaneous

A sample line of Parasols which we will sell lower than manufacturers prices.

Machine Thread	4c spool
Basting Thread	1c spool
Express Pencils	10c doz
Lamp Chimneys	4c each
Lantern Globes	5c each
1 large Pencil Tablet with Pencil Box	5c

7-31

Land Given as a Premium.

The Saratoga county clerk's office is flooded with deeds given by Walter E. Kelton to residents of Ballston, N. Y., and Schenectady for lots in Clifton Park, south of Ballston, says the New York Times. The land is given away with two pounds of coffee. Already fifty lots have been disposed of in this way, and more are being sold every day. It is said that a wager of $1,000 was made that the land could not be sold in three months, so it is being given as a premium.

Forty Bushels to the Acre.

Batavia, O., July 16.—Crops are better in this part of the state than they have been for many years. Twenty bushels of wheat to the acre is an average, but Senator Roudebush's land south of town is producing 40.
